

PRESIDENT TO USE "BIG" STICK

PRESIDENT HARDING TO ABANDON HIS HANDS OFF POLICY IN CONGRESS

Chief Executive Arroused Over Dilatory Actions on Capitol Hill—Will Take a Hand in Congress.

Washington, D. C., July 8.—President Harding's patience is about exhausted and he has decided to abandon his policy of "hands off" in an effort to end what he considers the dilatory tactics on Capitol Hill which may run his legislative program into almost hopeless confusion. This is the explanation of his sudden visit to the Capitol and his insistence that Congress shelve the Soldier Bonus Bill and get to work on tariff and taxation measures for which the special session of Congress was called.

Expect Formal Message.
He will formally recommend this in a message which he will probably send today. He has waited four months, carefully avoiding the least show of executive interference, but his ire was finally aroused by the eagerness with which Congress took up the Bonus legislation in face of the objection of Secretary Mellon and other high officials.

Republican Senate leaders are said to be making plans to carry into effect the program which President Harding outlined in his visit to the Capitol yesterday but are holding off until the executive message is received. This message is expected to recommend that the Soldier Bonus measure be deferred for the present, and detail reasons why Harding thinks this course wise, together with a promise to the ex-service men that the administration still contemplates an adjusted compensation and will make good at a more favorable time.

What The Heat Is Doing In Other Places

Cleveland, O., July 8.—Ohio has been in the throes of a heat wave for the past week. Temperature of over 100 degrees has been reported throughout the State. The average temperature runs from 90 to 95 degrees.

Unofficial reports place the number of deaths from heat prostration at 12.

Albany, N. Y., July 8.—Five deaths from heat prostrations were reported today. Heat is said to be seriously interfering with the operation of factories many being compelled to close down.

POLAR BEARS SUCCUMB
Schenectady, N. Y., July 8.—Two polar bears with the Ringling Circus here succumbed from heat today. One had been packed in ice.

Montreal, Quebec, July 8.—The wind was still and the sweltering sun beat down here today. Thousands slept last night in the parks and atop Mt. Royal. The weatherman promised no relief.

Hamilton, Ont., July 8.—Five deaths from heat were reported in the last 24 hours by the health authorities, with many more suffering from heat in the hospitals. Crops are reported withering and unless rain comes soon great loss is predicted.

Dublin Conference Between Sinn Feiners and Unionists Resumed

Two Leaders Each Given Big Ovation As They Arrive

Dublin, Ireland, July 8.—The conference of Sinn Feiners and Unionists leaders designed to reach an agreement preliminary to the London conference with Prime Minister Lloyd George, was resumed here today.

Great crowds gathered outside the building in which the conference is being held and cheered each new arrival. Eamon DeValera "president" of the "Irish Republic" and Earl Middleton, the leader of the Unionists, each received great ovations.

Bandits Escape On Lake Erie In Stolen Motor Yacht. Tugs Pursue

Battle Expected When Tugs Mann- ed By Police Sight Bandit Craft

Cleveland, O., July 8.—A battle on the lake between six bandits, who escaped yesterday afternoon in a stolen motor yacht after robbing the Marine National Bank, of Ashtabula, O., of between \$6,000 and \$7,000, is expected today if any of the pursuit boats sight the bandit craft.

The chase is being made by tugs, equipped with machine guns and

heavily manned by police. Airplanes are encircling the lake in an attempt to locate the bandit vessel.

The robbers put out of the harbor yesterday afternoon amid a hail of bullets. In a running fight through the streets of Ashtabula two persons were injured by revolver bullets.

BOOTLEGGER GANG SHOOTS DOWN A DEPUTY SHERIFF

**Two Members of Gang
Seriously Wounded in
Fight.**

Utica, N. Y., July 8.—Surrounded by deputy sheriffs as they were in the act of unloading a barrel of liquor into a safe here, alleged bootleggers put up a running gun fight during which they killed Charles G. Kammellerr, a deputy sheriff, and lost two of their members who are in St. Luke's hospital suffering serious wounds. Isadore Cominsky and Nathan Denmark who were with the bootleggers were shot down by deputy sheriffs after Kammellerr had been shot through the heart as he stepped on the running board of the automobiles carrying the liquor.

KANSAS MINE UNION LEADERS DRAW SENTENCES

Columbus, Kansas, July 8.—Alexander Howatt, president of District No. 14, United Mine Workers of America, and August Dorey, vice president, were today sentenced to serve six months in jail, and were fined \$500 each by District Judge Boss. The sentence was for violation of the decree of the Kansas Industrial Court by calling a local strike over a wage controversy.

HEAT CAUSES MUCH DAMAGE TO BIG CROPS

**Wheat and Oats in Six
States Hard Hit by
Weather.**

Washington, D. C. July 8.—Serious damage is being done to the spring wheat and oats crop by the hot dry weather, the Weather Bureau reported today. That no relief is in sight for the next 36 hours is indicated by the forecast.

So far the damage has been mainly confined to the upper part of the northern states, such as Ohio, Indiana, Illinois, North and South Dakota and Minnesota. Oats suffered largely in the first three states and wheat in the last three states, the Bureau reported.

Little change in temperature, with scattered showers is the forecast for the territory east of the Mississippi for the next 36 hours.

Actions.**

Pittsburgh, Pa., July 8.—Shot and fatally wounded in the Pittsburgh & Lake Erie railroad yards near Coraopolis last night, Arthur Moon, 37, of Lawson, died in a Southside hospital here today without making a statement as to how the shooting occurred.

According to police Moon was riding on top of a box car when his attention was attracted to merchandise being thrown out of the car. He signalled the engineer to stop the train, and as the cars came to a halt climbed down and discovered four men stealing goods. Without a word one of the men opened fire, and Moon fell with two bullet wounds in his body. The quartette of robbers escaped as other members of the crew appeared. Moon was a brakeman and a member of the crew running between Newell and Youngstown.

MINERS CAUGHT IN ROOF CAVE

**Two "Buddies" Pinned

FRED KERR HEADS C. M. T. COMMITTEE IN CLEARFIELD

**Application Blanks and
Details of Summer
Camp Now Available.**

The attention of Clearfield young men is again directed to the excellent chance offered them for a month of light military training, recreation and outing at Camp Meade, Md. from Aug. 1 to Sept. 1. All they need is to be of good character, possess ordinary good health, and be between the ages of 16 and 37.

Frederick B. Kerr is chairman for Clearfield and vicinity. Application blanks and full information concerning the course may be had from him. This community is in the Central Pennsylvania district, of which Altoona is headquarters. All applications should be forwarded direct to the Chamber of Commerce, Altoona, Pa.

Everything is free in connection with the course. The Citizen's Military Training Camps are conducted by the War Department under the National Defense Act. The government pays all expenses, including transportation to and from camp, uniforms, food and medical attention. The object of the camps is to bring together young men of high type from all sections of the country on a common basis of equality and under favorable out-door living conditions; to stimulate and promote citizenship and patriotism, and, through expert physical training, athletic coaching and military training, to benefit the young men individually and bring them to realize the obligation to their country.

The application blanks contain full information regarding enrollment. There is a big rush to enter the camp and those desirous of taking the course should apply at once.

HEAT CLAIMS THREE VICTIMS THURSDAY AT PITTSBURG

**MAKES A TOTAL OF NINE
DEATHS FROM HEAT
PROSTRATION THIS
WEEK.**

Pittsburgh, July 8.—Three more lives faded yesterday before the continued onslaught of Pittsburgh's record heat wave, making a total of nine deaths resulting from prostration since Monday.

No relief, except for slight showers predicted for this afternoon, is in sight. The highest temperature yesterday was 92 degrees, reached at 5 o'clock. The mercury will hover about this mark today.

Mary Michel, 11 months old, daughter of George Michel of 1212 Cherry way, Bardock, and Eleanor Zelenek, two months old, daughter of Joseph Zelenek, of 1227 Willow way, Bradock, died yesterday of prostration from the heat. Both of the children had been ill about 24 hours.

Frederick Lawrence, 85 years old, a farmer who had lived alone near Hall station, was found dead in the doorway of his home at 5 o'clock last night. His death was caused by prostration from the heat.

GOOD ROADS EX. COMMITTEE AND COUNTY COMMISSIONERS AGREE UPON ROAD BUILDING PROGRAM

"BOOZE HOUND" SMELLS HOOTCH TAKES AUTO

Some particularly mean individual or individuals are said to have pulled off a neat job last evening. A traveling "liquor agent" came into town with a Hup roadster in which he was carrying a couple hundred quarts of whiskey. He got out of his car to call upon a prospective customer and during his absence for but a few moments a local "liquor hound," who evidently smelled the stuff through the locked rear of the car, hopped into the driver's seat and made off with the car and contents.

Strange to say, the theft of the car was not reported to the local police, but this morning the abandoned roadster was found at the top of the hill near the James Mitchell "stone house" farm on the Glen Richey road. The end of the car had been broken open and all the liquor stolen, many empty cartons remaining to tell the story.

REVENUE MEN ARE ON TRAIL OF HOOTCH PEDDLERS

**Go Over Clearfield
County Court Docket
and Assess Revenue
Tax Against Guilty Of-
fenders — Costs Each
\$546.88 More.**

Those Clearfield County citizens who have been convicted or entered pleas of guilty to violations of the liquor law and incidentally the Eighteenth Amendment, are finding out that the "white mule" they had been disposing of had much more of a kick than even they had anticipated or been aware of.

The determined action of District Attorney Arnold in going after liquor law violators and the action of Judge Bell in fining and imprisoning them has attracted State-wide attention during the past couple of months.

Among the people of the State to notice what was going on up here in Clearfield county was Internal Revenue Collector Llewellyn from his office in Pittsburgh. Some few weeks ago Collector Llewellyn sent a special examiner to Clearfield who went over the criminal docket in Prothonotary Ralston's office. He made a note of all those who had been convicted of liquor law violations. This report was turned over to Collector Llewellyn and during the past week Internal Revenue tax liens against many of these violators have been received at the Prothonotary's office and are being chalked up against the property of each violator convicted.

This action is taken under Section 3186 of the Revised Statutes of the United States which provides "If any person liable to pay any tax neglects or refuses to pay the same after demand the amount shall be a lien in favor of the United States from the time when the assessment list was received by the Collector, except when otherwise provided, until paid, with the interest, penalties and costs that may accrue in addition thereto upon all property and rights to property belonging to such persons."

None of the illicit liquor sellers having paid any revenue tax for the liquor disposed in their illicit sales of course are violators of the revenue laws, hence the lien. The penalty provided by the law is \$500. while the interest, costs, etc., in each proceeding total \$46.88. Therefore

**Approximately Sixteen
Miles of County Roads
Decided Upon for This
Year's Building Cam-
paign.**

A real good roads program for Clearfield county was mapped out and the preliminary arrangements to put same into effect agreed to at a meeting of the Executive Committee of the Clearfield County Good Roads Association held in the office of Boulton & Forsyth this morning. Nearly every district in the county was represented and the meeting was particularly harmonious.

Following the completion of the proposed road building program, the preparing of which was delegated to the Executive Committee by the last county convention of the Good Roads Association, the County Commissioners were called into the meeting and when the plan was submitted the Commissioners gave it their unanimous approval and agreed to proceed to carry same out as far as possible this year.

This is indeed good news and means that before 1921 passes into history there will be contracts underway for twenty-four miles of county and state aid secondary road, in addition to the through route contracts already let by the State.

The meeting which had been called by President Gearhart of the County Association, who was present, was presided over by Chairman Forsyth. Among the projects decided upon for contracts this year were the following:—

1. Bradford township. Road from P. R. R. crossing at Bigler towards Allport just as far as was authorized by vote of township; that the Commissioners reserve enough of Bradford's money to pay one-fourth cost of building a road from Bigler cross roads on Wilson's corner toward Allport, to wit:—to the Graham township line; that they build one mile of road from Woodland toward Shawville if there be sufficient funds to pay one-fourth of cost in supervisors hands.

2. Three miles of road in Knox township.

3. Four miles of road in Sandy township from Narrows Creek toward Huston township.

4. Fifteen hundred feet of road on Dixon avenue in Sandy township, near DuBois city line.

5. Three thousand feet of road beginning at DuBois line in Sandy township on Maple avenue and extending east thru Oklahoma to connect with improved road at No. 1 shaft.

6. The Coalport-Irville road and a short piece to connect the Houtzdale road with the main road. Osceola, application has been already made for.

For lack of space we are unable to give full report of the meeting but will give same in tomorrow's Progress.

Census of Brain Cells.

It is thought that the nerve cells in the brain of a human being number something like 200,000,000. Their ramifying rootlets connect them one with another, and send out branches which extend to the most remote portions of the physical anatomy.

Editor Sheldon, of the Philipsburg Ledger, strenuously objected to Umps Farring when he printed the account of the game at the 'Burg' yesterday. He likened him to Jesse James. If Farring is to be labelled Jesse James for his performance yesterday, which in the estimation of local fans was very fair, and just, O'Rourke, the Philipsburg "tenth man" who did such efficient work (for Philipsburg) behind the plate is in the auto bandit class. Jesse James was limited to the speed of his four legged nag, but O'Rourke, like present day bank robbers who operate in high powered automobiles, committed petty larceny in favor of Philipsburg at high speed and with alarming frequency.

Pitcher Fileshtifter will undoubtedly work against Osceola today, if noitches occur to balk Manager Hoffman's present plans. He will save Taylor for the game against Philipsburg at the Driving Park next Monday.

THIS TIME LAST YEAR

Cleveland went back into first place by winning a double header while the Yanks lost.

The White Sox and the Athletics each scored five runs in the ninth, the Sox winning.

Cobb returned to the game as a pinch hitter and drove in the run that beat the Yanks.

Johnny Leathers, who formerly pitched for the Curwensville American Legion team, now with Indiana, in a game at Indiana yesterday beat the strong Elco team by a 4 to 1 score.

Another new player, Fitzgerald by name, who is said to be an infelder, arrived in town this morning and was scheduled to appear in a Clearfield uniform this afternoon.

Philipsburg hospitality to Clearfield visitors is proverbial and they lived up to it yesterday. Not a seat was provided for the band which the Commercial Club took along to head the Clearfield delegation.

Cauley had nothing but his glove and a prayer. Manager Hoffman instructed his boys to wait him out, and they did, with much success. When Umps O'Rourke saw his plight he evidently tried to make up for it by helping him out, so the boys just weighed them out, and Cauley went out (to the bench.)

BURGERS ON LONG END OF SECOND GAME WITH CLEARFIELD TERRIERS

Errors and Boneheaded Base Running Cost
Locals Game—Plenty of Excitement
At Scott Field Yesterday.

Clearfield again met defeat at the hands of Philipsburg by a 6 to 5 score in a tensely interesting game at Scott field yesterday afternoon. The game was a hard one to lose but was simply handed over to the victors by bum work on the part of the outfield with a boner or two on the bases.

Pitcher Taylor a Wizard.
Manager Hoffman sent Pitcher Taylor, his new southpaw twirler to the mound and no better selection could have been made and no better pitching was ever shown at Scott field. Taylor had the "paper sluggers" of the Philipsburg team absolutely helpless throughout the game and made the vaunted "wrecking crew" look like the cheesiest of dubs.

Taylor fanned nine men and held the "Slabtown sluggers" to five scratch hits. He certainly deserved a victory. Both Sides Blanked in First.

Clearfield went first to bat and Golden, Zerfluh and Farrell went out in order. For Philipsburg Mahaffey was out on a fly to right; Louden died. Fauver to Farrell, and the "echo" of a great hitter hit a weak pop fly to left.

Clearfield Counts in Second.

In the second Gilbert was out, third to short. Fauver fanned. Hoffman hit safely to right and Wolfe batted a single to left, sending Hoffman to third and he scored on Hopper's single. Taylor ended the inning with a hit to Louden who threw him out at first.

For Philipsburg Ullery fanned, Fagan was out second to first and Bedink's pop fly was grabbed by Golden.

Philipsburg Evens Up in Third.

Clearfield went out in order in the third. Palm, first man up for Philipsburg, caught one of Taylor's fast ones on the nose and drove it down third base line, the ball rolling to the left field fence. Palm made third base on the hit. Cooley was out on a pop fly to Farrell, but Palm counted on Cauley's sacrifice fly to right.

Sixth Philipsburg's Big Inning.

Both sides were blanked in the

fourth and fifth, and Clearfield failed to count in the sixth. This session proved to be Philipsburg's big inning.

Cauley hit to right and Gilbert allowed the ball to fall safe. Mahaffey singled. Louden then batted one to right for two bases, scoring Cauley and Mahaffey and Louden scored when Hoffman allowed Eichen's Texas leaguer to drop safe. Taylor then fanned Ullery, Fagan and Bedink in a row.

Clearfield Comes Back in Seventh.

Hoffman led off in the seventh with a single. Wolfe was given a base on balls. Hopper's sacrifice fly scored Hoffman and Wolfe raced in on a similar hit by Taylor. Golden singled and then Louden yanked Cauley, sending in Hopper to replace him. Zerfluh was given a base on balls, forcing in Golden with the run which tied the score. Farrell made first when Fagan fumbled his grounder. Gilbert walked and Fauver ended the inning with a tap in front of the plate which Cooley got and threw to first ahead of the runner.

Philipsburg Given Two in Eighth.

Clearfield was again blanked in the eighth, but after Louden and Eichen's had been retired Ullery was given a life on a "fielder's choice." Fagan hit one over second and Wolfe made an attempt to catch the ball on the fly. He managed to get his hands on it at his shoe strings but the ball bounded through and rolled to the fence, both Ullery and Fagan scoring. It was the flukiest kind of a marker but won the game. Bedink obliged by hitting the wind three times again.

Clearfield's Desperate Effort in Ninth.

Clearfield made a desperate effort to retrieve her fortunes in the ninth and would have gotten away with it only for some real bonehead base running. Little Golden opened the inning by perching safe on first when Ullery dropped a hot throw. Zerfluh was given a base on balls and Golden scored on Farrell's drive to left field, which

There are 1,200 commercial air planes of all types in use in the United States today, and in the last six months these planes have flown approximately 3,250,000 miles. In this flying distance there have been only twenty-seven serious accidents. Fifteen persons were killed and forty-three injured.

These figures are made public by the manufacturers' Aircraft Association, which has just completed a survey of aviation in America and announces that civilian flying, "although embarrassed by the lack of an American air policy," has established itself as a remarkably safe and dependable means of transportation. The survey says that most of the accidents occurred among the class of aviators known as "gypsy flyers."

Mr. and Mrs. Thomas H. Mirkil, of Chester, Pa., have just celebrated their seventieth wedding anniversary, a distinction that comes to but few in life. Asked if marriage is a failure, the old couple say that their married life has been one long dream of happiness and that they have been sweethearts since the minister pronounced them man and wife.

Mr. Mirkil is ninety-four years old and his wife is eighty-eight. Both are in good health and active. Mr. Mirkil, before he retired a few years ago, was an employee of the mint at Philadelphia.

An East End man who has a Tin Lizzie to dispose of, when asked if the car was alright, replied as follows:

YEA BO! Take a slant at this Lizzie: born in 1919 and had no bad winters; good rubber on every foot; will do 50 miles an hour, 25 forward and 25 up and down; a ramblin', rootin', tootin' scamp; a lot of extras on this FLIV that Henry didn't put on; 250 bucks cash or terms, and you can own this BUCKABOO that has a wheel on every corner.

Mrs. Catherine Eva Kaber, on trial at Cleveland, Ohio, for her life for kindly arranging to have her husband killed, positively refuses to have a woman on her jury, alleging as her reason that the women are too coldblooded and hard-hearted when it comes to dealing with the short comings of their sex. Catherine Eva says "No woman will have mercy on me."

Tell me who you go automobilizing with and I'll tell you what you are is the 20th century adaptation of an old

He says from his experience "The automobile is responsible for the downfall of 80 per cent of the girls who 'go wrong.' A considerable proportion of that 80 per cent could be saved by 'auto chaperones.'"

According to Inspector Grant, girls and boys who go out on auto rides "act something awful." He believes that if mother or father, or both, insisted on occupying the rear seat whenever daughter goes out for an evening spin with a young man, there never would be any cause for regret.

A silent gun that will shoot fourteen explosive gas bombs two or three hundred miles at a velocity of one to five miles a second, is being developed by Hudson Maxim and his associates. In a test at New York City a steel bullet three inches long and a half inch in diameter was shot through a three-quarter inch steel plate at a velocity of one mile a second. This is much greater velocity than has ever been developed in projectiles of any kind. The demonstration was silent, except as to the sound of the bullet as it bored through the steel. The silencer is a radical departure from the original Maxim silencer. The original invention is the work of an Englishman named Robert Temple. Aside from its use in war the invention will be employed for shooting bolts into and through steel and will revolutionize the present methods of boring.

Hope springs eternal in the "west" human breast, and when twitted by the failure of the anti-Volstead parade in New York on Monday last, the leader of the militant but thirsty gang, delivered himself of the following concerning other so-called forlorn hopes. He said:

"What proportion of the Colonists began active measures for Independence in the Revolution? What proportion of the adjacent territory was represented by the Boston Tea-

BETTER FOREST FIRE PROTECTION.

The announcement that orders for 50 steel lookout towers have been placed by the State Department of Forestry is assurance that Pennsylvania's large annual loss from forest fires is to be cut; for the important thing in combatting these conflagrations is to discover them before they have gained headway, and nothing is so effective in accomplishing this as observation posts from which the timberlands can be watched.

The locations on which some of the towers will be erected have been announced, and it is gratifying to note that the western end of the state has not been slighted.

It is not unreasonable to expect that as the policy of fighting forest fires is developed, and the necessary equipment is provided, the loss from this cause will be reduced to a point which will seem trivial in comparison with the damage that has been done in late years.

IMMEDIATE ACTION NEEDED

The C. C. A. A. should take the necessary steps to put an end to the operations of the "tin horn sports" and "shoe string gamblers" who annoy bleacher patrons at the ball games by their betting and offers to bet. Nothing is more annoying to the average fan who attends for the purpose of witnessing the ball game than to have some "four flusher" tramping around over his feet while excitedly waving a few greasy bills in his dirty fingers and offering to bet two, five or ten on the game or this or that play.

In addition to this insult to common decency such work is a direct violation of the law and should not be tolerated by the authorities for a minute, and if the athletic club authorities are not able to put a stop to such practices, appeal should be had to District Attorney Arnold and have him instruct the State Police to tail to arrest every fellow who cheats bet at a ball game in Clearfield.

Money is always a fool's argument, and then too if some of these "tin horners" offering wagers on the game and plays from time to time would kindly settle with the butcher, the baker, the tailor and the boarding house keeper they wouldn't be in position to annoy decent self respecting patrons of the ball games.

These "piker sports" and "sure thing" operators were responsible for the greatest scandal ever to besmirch baseball in last year's world's series. That the same kind of tactics are be-

ing resorted to right here in Clearfield is the rumor about town following yesterday's Phillipsburg game.

It is a fact that at least two of the players on the Clearfield team were located at their hotels at 2 or 2:30 o'clock Friday morning and taken or went willingly to the top of Cemetery Hill, where the thread-bare "merry widow" gag was worked on them, and as a result one of our most dependable players, up to this time, was kept or stayed out all night and reported Friday morning at 10 o'clock "too nervous or unstrung," as he put it, to play ball, and in consequence was out of the game, which was lost on an error by the player who was taken out of his regular position to play for the alleged victim of the razzing.

It is also a fact that those "in on the know" and who are being mentioned in connection with the affair, were around bright and early Thursday morning offering to bet their money on Phillipsburg.

This is too serious a matter to let get away and the whole thing should be ferreted out and the guilty punished. Hoodlumism is bad enough at any time but when it comes mighty near, if not entirely, downright dishonesty, and affects the general public, as in this case, it is high time for the authorities to get busy. Every man connected with this asinine "merry widow" buffonery should be called in on the carpet and be made to pay for his violation of the law and we expect Mayor Chase to do his duty in this regard as a starter. Then more will follow along right lines.

ANOTHER LINER OVERDUE -- SEA PIRATES BLAMED

Son of President Harding's Secretary Aboard Vessel.

New York, July 8.—Officials of the Munson Line admitted yesterday that they had been trying unsuccessfully for two days to establish radio communication with the liner Callao

due here next Sunday from Buenos Aires and Rio de Janeiro.

Recent reports of pirates operating off the American coast were scouted by officials of the line, who added that it was possible atmospheric conditions or disabling of the Callao's wireless was responsible for failure to raise her. The Callao, owned by the shipping board, carries 60 passengers.

Official's Son Aboard.

Washington, July 8.—John Christian, son of President Harding's secretary, is on board the overdue Munson line steamer Callao, his father learned today. Christian immediately cancelled engagements to go riding and made several long distance calls that they had been trying unsuccessfully to secure further information about the missing vessel. His son is a cadet officer on the ship.

WE LAUGH AT CASEY

Casey—"Phwat's a Bank?"
Maloney—"Well, it works like this: For instance Oi puts money in the Bank and ye draws it out."

Casey—"But how does the Bank make anything?"

Maloney—"Sure an' it's like this, Casey. They either knock down part of phwat Oi put in or short change ye on phwat ye draw out."

We all like to laugh at the ignorance of Casey and his friend, but it is a fact that nearly all the people would be better off if they knew more about Banks and what the Banks can do for them.

This is the first of a series of "Little Banking Stories" which will attempt to explain the many helpful things your Bank can do for you if you will only give it the opportunity.

Read them carefully—think them over—they may be worth many dollars to you.

GENERAL BUSINESS

CONDITIONS

The general trend of business and industry during the month of June has been quiet and repressed. Some further hopeful signs have appeared side by side with others which give less encouragement.

The plain truth of the thing is that the recovery of business, for which everybody has been hoping and waiting since the depression began late last year, has not yet materialized. No one's interests will

be furthered by an ostrich-like attitude which buries its head in undue optimism, and makes glowing predictions for the immediate future, predicated wholly on a magnifying of the favorable symptoms. It is easy enough, and pleasant enough, to lull anxiety by such a process of reasoning, but what is wanted now is a general realization of the obstacles that must be met and overcome, more than a light-hearted prevalence of optimism founded only on half truths.

VICTIM OF SUICIDE PACT MAY RECOVER

Paris, France, July 8.—Mme. De Guise-Hite, aged 55, the American "Dutchess" who drank poison with her son, George Harborough, aged 21 in a suicide pact, is believed to have a slight chance for recovery. The young man died at midnight without regaining consciousness.

Physicians at the American Hospital, where the couple were rushed Monday night say each drank enough Veronal to kill six persons.

New Animal for Far North.
The "yak" or woolly ox of Tibet is soon to be transported into Alaska and the Canadian Northwest by Dawson men, says an exchange. For centuries the yak has been domesticated by man and its haunts are the snowy highlands of Tibet, 20,000 feet above the sea. Its native food is a coarse dry grass, but it will eat anything that cattle will. In size it compares favorably with range cattle—1,000 to 1,200 pounds. The meat is as delicious as beef and the wool and hide are valuable.

Burgers Get Long End of the Second Game

Continued from Page Two

Mahaffey dropped. Zerfuh was out at the plate on a throw by Fagan who had dropped a thrown ball at second in an attempt to catch Murray. Gilbert got to first when his hit was played to second and Loudon put the game on ice when he speared Fauver's hit, put the ball on Gilbert as he lumbered by and threw to first ahead of Fauver. It was a neat bit of baseball and earned the hardworking manager a great hand.

The Game's Features.

Aside from the great pitching of Taylor, the game was featured by the great work of Bill Loudon for Phillipsburg. He was a tower of strength to his team. Golden also shone brightly at second while Manager Hoffman led both teams with the stick. Hopper not only caught a fine game, but did good work at the bat.

There was a great deal of kicking on the part of the Clearfield team over Umpire O'Rourke's calling of balls and strikes, while the "Slabtowners" also found fault, as they always do, with a base decision at first by Umpire Farring. In this case first baseman Ullery dropped the ball and recovered it as the runner stepped on the bag. Phillipsburg put up a real canine howl, but Farring showed the first baseman where his foot was off the bag when he recovered the ball and the decision stood.

HER CASE IS TALK OF NEIGHBORHOOD

Husband Never Dreamed Any Medicine Could Do What Tanlac Did in So Short a Time.

Husband Never Dreamed Any Medicine Could Do What Tanlac Did in So Short a Time.

"There's no doubt in my mind that Tanlac saved my wife's life," was the remarkable statement made by John A. Downey, stationary engineer for the General Forbes Hotel. Mr. Downey's home address is 7028 Spencer St., Pittsburg, Penn. He said further:

"I had almost given up hope for her as she had been in wretched health for a long time and I don't believe she had known a well day in fifteen years. She suffered agonies from indigestion, complained of a gnawing, burning sensation in the pit of her stomach and often had awful cramps. Her back hurt her so bad at times she would break down and cry.

"Her nerves gave way and even the rustling of a newspaper would sometimes make her hysterical. She got so weak she tottered as she walked across the floor and finally she had an utter collapse. She was in this condition when she started on Tanlac. I never dreamed a medicine could do what this one did in a short time.

"She now eats anything she wants and everything agrees with her. She sleeps like a child and gets up in the morning feeling bright and cheerful. I don't believe there is a healthier or happier woman in the state than she is today. Her recovery has made me happy, too, and I wouldn't take all the money in the universe for the good it has done her. Since her remarkable recovery everybody in our neighborhood is talking about Tanlac and how it did what seemed to be impossible."

NEWS OF OUR NEIGHBORS

GRAMPIAN

Mrs. William Manley, of Sewell, and her mother, Mrs. Louise Miller of this place are visiting relatives in DuBois.

N. C. Shaffer received his new Buick car last week.

Clarence Keiser has returned from a visit with his parents in Millington.

Mrs. Lee McCracken, who has been quite ill for some time is reported somewhat better at this writing.

Miss Edith Anderson spent the early part of the week with friends in Clearfield.

There will be a Mother's meeting at the home of Mrs. W. I. Wall next Wednesday afternoon, July 13.

Hanson and Lamonie Derrick and families, of Portage, spent the 4th with their parents at this place.

Miss Madeline Miller, of Pittsburgh, is a guest at the home of her grandparents, Dr and Mrs. J. A. Miller.

Alfred P. Egan, son of Mr. and Mrs. J. S. John Bryan, and Miss Maude Quigley, daughter of Mr. and Mrs. James Quigley, were united in marriage at the home of the groom on Wednesday morning, by Rev. Croyle.

Miss Charlotte Walzier is spending several weeks with relatives in Howard.

WOODLAND

The baseball boys are very thankful to those who contributed to and helped to make their festival on Saturday afternoon and evening a success. They took in at the festival \$128.75 and at the game \$24.15.

Saturday's score at the game was 4-2 in favor of Woodland and Monday's score was 6-4 in favor of Sandy Ridge. These two teams are very well matched and they expect to play a series of five games to determine the best team. The schedule for the present week is as follows: Thursday,

July 7, at Bigler; Saturday, July 9, at Grassflat; July 12, at Glen Richey.

Lester and Merrill Owens and sisters Lydia, Vada and Iva returned Thursday from a motor trip to Erie, where they were visiting an aunt.

Mrs. Clara Stewart of Clearfield is spending a few days with relatives here.

CURWENSVILLE

The American Legion Band, under direction of J. M. McKinley, will render an open air concert at the Chautauqua Grounds tomorrow evening at 7:30. The program will be a varied one consisting of popular and classical music.

In case of inclement weather the concert will be given on Monday evening at the same time and place.

A birthday party was given at the home of Earl McFadden, on Grampian road one evening recently at which some thirty guests were present. The occasion was a birthday of a little son.

Mr. and Mrs. C. S. Russell and little granddaughter, Mary Gano, left today for an outing in Massachusetts.

The recently elected officers of Curwensville lodge 486, K. of P. were duly installed in their respective offices last evening.

The executives of the Community Chautauqua Association arranged an automobile trip on Thursday for the twenty ticket sellers, stopping at the Commercial Hotel at DuBois where they were served with an elegant dinner generously contributed by the guarantors. It is intended to make this a permanent organization which will operate from year to year and it is believed that this will be the foundation of a permanent Chautauqua.

FIRE SWEEPS ROW OF FRAME HOUSES NEAR CARNEGIE

Pittsburgh, Pa., July 8.—Fire sweeping through a row of frame houses on the Nobletown road in Collier township, a short distance west of Carnegie yesterday morning destroyed nine dwellings, and making 50 persons homeless.

The fire started from undetermined origin in an occupied house. The dwellings, five room structures, were erected a number of years ago to house employees of the macaroni factory at Fort Pitt, now operated by the S. Viviano Macaroni Manufacturing Company.

NAVY STANDS OUT AS BEST OF 1921 CREWS

Resume—of the Year's Work With the Ash Blades.

By HENRY L. FARRELL.
(United Press Staff Correspondent.)
New York, July 8.—The great eight of the United States Naval Academy stands out not only as the champion rowing crew of 1921, but one of the greatest crews that has ever been developed in America.

Navy won the intercollegiate title at Poughkeepsie by defeating some of the finest crews that ever rowed in the Hudson classic. The middies were never pressed.

Princeton is making a claim for the title. The Tigers without doubt had the best crew in the history of the Nassau university and a really great eight. But as Coach Spath's squad did not compete at Poughkeepsie, the only claim Princeton can make is for the best sprinting crew of the year.

One of the greatest surprises of the season was the downfall of Columbia. The New York university up until their last race in the Poughkeepsie regatta was the favorite for the championship, but finished last behind Pennsylvania and Syracuse, two crews thought to have been entirely out of it.

California had a wonderful crew. The Pacific Coast eight after being defeated by Princeton in a mile and three-quarters race was voted out as a contender by most of the experts.

However, the writer predicted after that race that the winner of the Poughkeepsie regatta would have to beat California and it so happened.

Yale and Harvard both had a very disappointing season. Harvard failed to win a race and Yale had only one victory, but that over Harvard was all that the Elis wanted. Yale took particular pride in that victory, after all the uncomplimentary things said about the crew by the deposed English coach Guy Nickalls.

Yale perhaps will appoint Cordery coach for next year as a tribute for the miracle he worked. Jim Rice, coach of the Columbia crew whose contract expires this year, may go to Yale where he has been wanted for years.

ROAD SCHOONER ATTEMPTS TO RUN POLICE BLOCKADE

Cargo of Hootch Confiscated and Crew Arrested.

Pittsburgh, Pa., July 8.—A powerful automobile truck and its cargo of 243 cases of bonded whiskey, the whole valued at more than \$30,000 were seized by accident by Prohibition Agent Gerald G. McGrath at Forbes and Stevenson streets yesterday afternoon. The driver, William H. Spindler, of 2622 Evergreen road and his helper, H. J. Leonard, of 10 Parkhurst street, were arrested. Each gave \$1,000 cash bail to appear before United States Commissioner Knox this morning. The whiskey was stored in a Centre avenue warehouse, and the truck will be put under bond this morning, according to Prohibition Agent C. C. Gregg, in charge of the Pittsburgh office.

A Pittsburgh policeman was riding on the truck as an escort, it was said in Agent Gregg's office. He stuck to

"YELLOW" IN CABBAGE

While this cabbage disease is not so prevalent in Pennsylvania as in some other states, occasional cases occur each year. The plants grow in a weak and sickly fashion, the foliage has a distinctly yellowish appearance, and the lower leaves drop off one by one, leaving a bare stalk with two or three small leaves at the top. When the

stems of such plants are cut the woody or fibrous tissue is seen to be browned. The trouble is due to a soil fungus which grows into the plant and clogs the sap conducting system, thus accounting for the brown discoloration.

The remedy is to plant varieties of cabbage resistant to the disease, such as Wisconsin Hollander No. 8, Volga and Houser.

BLIMP EXPLODES INJURING FOUR

Washington, July 7.—The naval blimp C-3 exploded at the naval air station at Hampton Roads, Va., today, burning and injuring the four persons who were aboard, according to reports to the navy department.

None of the persons aboard was seriously injured, according to the report but two were painfully burned. The big gas bag had just been released for a photographic flight and was rising slowly when the explosion occurred. Those aboard jumped with parachutes, according to reports. The blimp was destroyed.

GEO. M. DIMELING

George M. Dimeling, whose death occurred at the family home on South Second street at 2 o'clock on Tuesday afternoon, July 5, 1921, after a brief illness as the result of an acute kidney affection, was born Sept. 12, 1862, in Boggs township, Clearfield county. He was the son of the late George and Catherine Dugan Dimeling. All his life was spent in Clearfield county where he worked in the lumber woods and developed into one of the county's most expert and most successful lumbermen.

He was connected with the Clearfield Lumber Company for many years, first as woods or operating superintendent and later becoming a member of the firm. He was the organizer and moving spirit of Dimeling & Co., which concern operated the big Lawshe tract in Bloom township. He was also a member of the Vinton Lumber Co., and superintended the operations of that concern at Vinton, Cambria county, for several years. A man of keen business judgment and an indefatigable worker he won much more than ordinary success in his business.

Outstanding Figure in Politics
Mr. Dimeling was a Democrat in politics and was an outstanding figure in the political life of our county for many years, and when his prominence and success in his home county attracted the attention of the State leaders he was called to higher honors and greater responsibilities in the State Councils of his party.

In 1893 he was elected County Treasurer of Clearfield county and served several terms as County Chair man. He possessed exceptional genius for organization and detail and was highly successful as a party manager.

In 1906 he was elected to the State Senate from Clearfield and Centre counties, defeating the present sitting Judge of Centre County, Henry C. Quigley by a large majority. He was tendered a unanimous renomination by his party in 1910 but declined the nomination after the primary. During his term as State Senator he was complimented by the Democratic State leaders by being given the party nomination for United States Senator. He also served two terms as chairman of the Democratic State Central Committee and had a wide political and business acquaintance over the State.

Married in 1892
He was married February 8, 1892 to Mary Wrigley, daughter of the late Robert Wrigley, of Lawrence township, and to this union seven children were born, two sons and two daughters dying in infancy. His widow, two daughters, Catherine, wife of Howard Stewart, Miss Dorothy and one son, George M. Jr., survive. He is also survived by one brother, John Dimeling, now living in Spokane, Washington, and two sisters, Misses Amelia and Gertrude Dimeling, of Clearfield.

Services From Home
Funeral services were held from the Dimeling home at 11 o'clock this morning, Rev. W. W. Hartman, pastor of Trinity Methodist church, and Dr. H. R. Bender, of Harrisburg officiating. Interment was made in Hillcrest cemetery.
